**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed on 8 January 2009 has been accepted and entered.

***Response to Arguments***

2. Applicant's arguments filed 8 January 2009 have been fully considered but they are only partially persuasive.

The rejections under 35 U.S.C. 101/112 (second paragraph) for overlapping statutory classes have been withdrawn

Claims 25-30 and 71 are held to be indefinite under 35 U.S.C. 101.

Applicant argues that the claims recite positive method steps. However, the claims in question merely recite the use and end result of such a use. To further elaborate on the previous rejection under 35 U.S.C. 101, the examiner cites the relevant section of the MPEP. For example, a claim which read: "A process for using monoclonal antibodies of claim 4 to isolate and purify human fibroblast interferon." was held to be indefinite because it merely recites a use without any *active, positive steps delimiting how this use is actually practiced* (emphasis added). *Ex parte Erlich*, 3 USPQ2d 1011 (Bd. Pat. App. & Inter. 1986). MPEP 2173.05.

***Claim Rejections - 35 USC § 101***

3. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 25-30 and 71 are rejected under 35 U.S.C. 101 because the claimed recitation of a use, without setting forth any steps involved in the process, results in an improper definition of a process, i.e., results in a claim which is not a proper process claim under 35 U.S.C. 101. See for example *Ex parte Dunki*, 153 USPQ 678 (Bd.App. 1967) and *Clinical Products, Ltd. v. Brenner*, 255 F. Supp. 131, 149 USPQ 475 (D.D.C. 1966). Further, see the citation to *Ex parte Erlich* as indicated above.

***Allowable Subject Matter***

4. Claims 1-3, 5, 7-13, 15-18, 20-24, 31-33, 35, 44-46, 51, 52, 60-65 and 72-75 are allowed.
5. Claims 25-30 and 71 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 101, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
6. The following is a statement of reasons for the indication of allowable subject matter:

With respect to independent claims 1-3, 7, 9, 10, 24, and 44, these claims are allowable for reasons of record as set forth by the examiner in the communication mailed 6 November 2007.

Claims 25-30 and 70 include the allowable limitations of claim 1 and would thus be allowable if the above rejections were to be overcome.

Independent claims 33 and 35 have been rewritten to include the allowable subject matter of claims 54 and 56, as set forth by the examiner in the communication mailed on 6 November 2007.

Dependent claims 5, 8, 11-13, 15-18, 20-23, 31, 32, 45, 46, 51, 52, 60-65,  
72-75 are allowable for reasons of dependency.

***Conclusion***

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
